IT IS FURTHER ORDAINED that Appendix A, Zoning, Article 6 Community Appearance Board, of the Code of Ordinances is amended as follows:

604.A.7. Aboveground Structured Parking Standards.

- a. Use Regulations.
  - i. On garages located in the Mixed Use (MU) or Entertainment (E) districts, a minimum linear footage equal to 25% of the garage’s longest building face shall be designed for and contain any use permitted in the zoning district EXCEPT parking. These uses shall face and have a primary entrance off any public right-of-way.
  - ii. In the ART District: retail, restaurant, or office space must be maintained on first floor to a minimum depth of 30 feet and must face and be directly accessible from adjacent right-of-way (New construction design requirements apply where applicable). Vehicular ingress/egress shall not exceed a maximum width of 40 feet.

IT IS FURTHER ORDAINED that Appendix A, Zoning, Article 8 Sign Regulations, of the Code of Ordinances is amended as follows:

803.K. Design Standards.

- 2. No sign, sign structure or attention seizing device shall be shaped in the form of a statue of a human or animal figure nor in the form of a three dimensional model (e.g. dinner bucket, paint cans, Christmas trees, etc.). The following are allowable exceptions:
  - a. Signs in the A and ART districts;

803.M. Occupation of, or Projection into, Public Right-of-Way. No private sign shall occupy public property in any manner nor shall any sign extend across a property line where such property line borders a public right-of-way or any public property except as follows: within the Art & Innovation (ART), Amusement (A) and Mixed Use-Medium Density (MU-M) zoning districts, and on existing buildings in Mixed Use-High Density (MU-H) districts which are closer than 4 feet to the principal street right-of-way, if projecting into or over a public right-of-way, the sign must be at least 9 feet above the right-of-way so as not to interfere with pedestrian traffic nor extend beyond the back edge of the curb line nor more than 4 feet inside the right-of-way line.

1  
2 805.P. Signs Permitted in the Arts & Innovation (A&I) District: The intent of the Arts and Innovation  
3 District is to create and sustain a walkable mixed-use urban environment that will serve  
4 as the hub of artistic, cultural and civic life in the traditional core of downtown Myrtle Beach.  
5 The goal is to have signage that is edgy and new without creating visual clutter. Most  
6 buildings are designed with a defined sign space. The location of appropriately sized signs  
7 in these spaces is strongly encouraged. Signs on awning flaps and store display windows  
8 are generally appropriate as well. Acceptable sign placement does not obstruct  
9 architectural features and windows.

- 10  
11 1. All signs permitted in section 804.B - Signs Exempt from Permit Procedures, subject  
12 to the limitations and requirements thereof, provided, however, that signs listed under  
13 804.B.3 - Single Family Residential Signs are prohibited.  
14  
15 2. The total allowed sign area for all signs on a lot is 3 square feet per 1 foot of principal  
16 street frontage, not to exceed 300 square feet. This sign allowance includes the sum  
17 of all sign areas, whether freestanding, window, wall mounted or projecting. The total  
18 allowed signage may be placed specifically on the front or shared amongst any and  
19 all sides.  
20  
21 3. Changeable copy signs are permitted, including CEVMs as regulated in section 808.  
22  
23 4. Temporary Portable A-Frame or Sandwich Board Type Signs as permitted in  
24 Section 810.  
25  
26 5. Temporary Construction Fence Scrim. An active construction site shall be permitted  
27 a construction fence scrim to screen the construction area and to control debris and  
28 dust. The scrim shall not exceed the height and length of the construction fence, and  
29 shall be removed with the construction fence. The scrim may contain graphics  
30 designed to inform the public as to the nature of the construction project. The scrim  
31 may also, in lieu of the construction sign permitted in 804.B.5 – Construction Signs,  
32 contain a maximum of 32 square feet of text per construction site identifying the firms  
33 involved with, the character of, and the future occupants of the construction site.  
34  
35

36 IT IS FURTHER ORDAINED that Appendix A, Zoning, Article 10 Parking and Loading Requirements,  
37 of the Code of Ordinances is amended as follows:  
38

- 39 1006.E. Exceptions to Minimum Parking Requirements.  
40 10. Arts & Innovation (ART) District: The intent of the Arts and Innovation District is to  
41 create and sustain a walkable mixed-use urban environment that will serve as the hub  
42 of artistic, cultural and civic life in the traditional core of downtown Myrtle Beach. In  
43 such an environment, parking needs are best determined by market forces. Therefore,  
44 there are no minimum parking requirements. New surface parking lots shall be located  
45 to the rear of buildings, and at a minimum shall be buffered in accordance with section  
46 902, although the use of a narrow-depth liner building, active public space, or similar  
47 feature to screen the parking from the street may be considered.  
48

49 IT IS FURTHER ORDAINED that Appendix A, Zoning, Section 1312 Special Conditions of Drinking  
50 Places is hereby revoked;  
51

1 IT IS FURTHER ORDAINED that Appendix A, Zoning, Article 14 Zoning Districts, of the Code of  
2 Ordinances is amended as follows:

3  
4 Section 1402. Zoning Districts Named.

5 In order to accomplish the purposes set forth in section 104 – *Purpose and Intent*, the following  
6 districts are hereby established:

7

District	District Name	Classification
ART	Arts & Innovation District	Mixed-use

8  
9 1407.D Uses permitted in the Arts & Innovation (ART) District.

10 Purpose & Intent. The intent of the Arts and Innovation District is to create and sustain a walkable  
11 mixed-use urban environment that will serve as the hub of artistic, cultural and civic life in the  
12 traditional core of downtown Myrtle Beach. As a year-round destination for both residents and visitors,  
13 the district's primary uses are supported by a wide range of businesses that help to maintain a vibrant  
14 atmosphere. This is further supported by the active use of outdoor spaces for dining and  
15 entertainment, and the development of upper-story residences in mixed-use buildings.

16  
17 Unlike the other zoning districts listed in section 1407.C, uses are permitted in the ART District in the  
18 following categories. Examples are provided for explanatory purposes and are not intended as  
19 complete lists. A mix of categories and uses sharing spaces is permitted. Classification within the  
20 categories will be determined by the Zoning Administrator unless the use is explicitly listed. Innovation  
21 within the categories is encouraged.

19  
20  
21  
22 IT IS FURTHER ORDAINED that Appendix A, Zoning, Article 17 Design and Performance Standards,  
23 of the Code of Ordinances is amended as follows:

24  
25 **Section 1716. Design Standards for the Arts & Innovation (ART) District.**

26 Purpose & Intent. The intent of the Arts and Innovation District is to create and sustain a walkable  
27 mixed-use urban environment that will serve as the hub of artistic, cultural and civic life in the  
28 traditional core of downtown Myrtle Beach. As a year-round destination for both residents and visitors,  
29 the district's primary uses are supported by a wide range of businesses that help to maintain a vibrant  
30 atmosphere. Building design is in harmony with the character of the area and establishes a continuity  
31 of pedestrian-oriented frontages between adjacent buildings. This is further supported by pedestrian  
32 oriented urban design, the active use of outdoor space for dining and entertainment, encouraging the  
33 development of upper-story residences in mixed-use buildings, and the incorporation of both active  
34 and passive public spaces throughout the district.

35  
36 1716.A Newly constructed buildings shall have a minimum of two occupiable stories above grade.

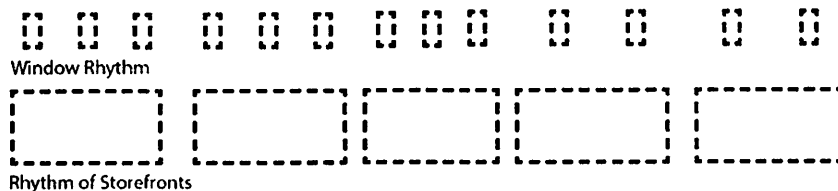

37  
38 1716.B Awnings, roofs, or other creative structures may extend over the public sidewalk,  
39 provided that they do not extend beyond the back edge of the curb line or more than

1 a distance of 8' over the sidewalk; and further provided the roof maintains a minimum  
2 9' clearance from grade; and further provided that the roof does not rely on public  
3 property for structural support nor interfere with pedestrian traffic.

4  
5 1716.B. Where applicable, the first floor shall have a minimum interior height of 14 feet as measured  
6 from the finished floor elevation of the ground floor to the bottom of the floor plate of the  
7 second floor.

8  
9 1716.C. Side and rear walls shall be improved and maintained in harmony with the primary  
10 façade. The development of rear or side entrances is encouraged where appropriate.

11  
12 1716.D. Scale and Proportion: The width and general proportions of a building shall conform  
13 generally to other buildings in the district. Ratio of wall surface to openings and the  
14 ratio of the width and height of windows and doors shall be consistent with the district.  
15 Buildings shall remain "pedestrian-scaled" in order to protect views, sunlight and  
16 street character.

17  
18 As seen in the illustration above, the "rhythm" of the buildings is established by the  
19 variety that is created between window sizes and spacing, the amount of wall area that  
20 is visible, and the placement of details.

21  
22 1716.E. Storefronts:

- 23 1. A minimum of 70% of the building wall between a height of 2 feet and 10 feet  
24 above grade shall be composed of transparent glass.  
25 2. Storefront doors shall be recessed from the public sidewalk a minimum of 3 feet.  
26

27 1716.F. Windows shall not be tinted, mirrored, or covered with materials in such a way that  
28 obstructs the view of the interior space. Creative merchandise window displays are  
29 encouraged, provided the background is not opaque and provided displays contain  
30 no flashing or strobe lighting or any signage.

31  
32 1716.G. When historic tax credits are utilized, US Department of Interior and SC Department  
33 of Archives and History design requirements supersede the requirements of section  
34 1716.

35  
36 1716.H. No property shall be subdivided into a "flag lot."

37  
38 **IT IS FURTHER ORDAINED** that the official zoning map of the City of Myrtle Beach is amended by
